The year of 2023, Korea, Republic of.

ART-WRITING KIM JAE-HEE

The President
was returning home.

But cancelled all plans and
immediately returned to Rome.

Without even having a chance to catch a breath, the
members of Alpha Five and the Presidential Security
started to clean up the aftermath of the incident.

SWAP!

You bet-
ter pull your
shit togeth-
er and talk
straight.

half an, the president returned to his private plane.

After the accident, he immediately returned to the Blue House without media exposure.

The exterior, entrance of the President's station.

It has been reported that the president has safely returned.

Only found out by the next morning.

Even when the bodies of the war dead returned,

The president
remained silent.

The citizens wholeheartedly mourned the deceased.

But the silence of the President
made the citizens tremble in fear.

End of the Road

For 2011, I have learned a great deal of people saying that
North Korea is the only country in the world doing anything.

Name

Group Captain Rhee

To wipe
out the capital-
ist American puppet
army and its leader
Kim Tae-Won, to
reunite the...!

The perpetrators of the terrorist attack couldn't have come at a worse time.

The political parties, both ruling and opposition started to pressure the President who still remained silent.

The United Nations Security Council will unanimously agree...

that the President should be investigated.

Despite this, the War on Terror will delay this process.

and this led to approval of the ruling party officials.

In May, while the signing moved
between the opposing parties...

The North showed the same response as always.

May 17th, 25 days since
the incident. First official
response from the President.

Chief
Presiden-
tial Sec-
retary...

This...
Are you
sure this
is okay?

Of course
sir, just do as
it is written on
the script.

Dear citizens of the Republic of Korea, I, President Kim Tae-Won, would like to express the utmost grief of the recent series of unfortunate events.

If this was the answer we receive, despite our best efforts to achieve peace with the North...

I have no choice as a fellow South Korean, but to make sure the North answers for their acts of reckless terror...!

The President's
proposal sends the public...

The of (something) was

A war was nigh

This time, it
was unavoidable.

Or at least that is
what everybody thought.

May 20th, 1940.

Tidy up
for Christ's
sake...

Shit...!

It's
the Presi-
dent's call...
Did you even
wash yourself?
Or shave...?
Is this what
you do in
America?

Oh, I
just came
back from
the field

Yes,
come in.

It's
been a
long time
since I've
seen you
two.

So Captain Min, about what you told me before we arrived in Korea... Is everything going as planned?

Yes, I have managed to send some boys from Alpha team and Charlie team to watch over the *KOIC and the **777th. They are standing by 24 hours for further instructions.

AH *KOIC: Korea Defense Intelligence Command
**777th: Army Intelligence 77th Unit.

Sir, ordering units under the Ministry of Defense's direct command to watch over other units isn't the best idea...

Speaking of which, Alpha Team Leader has been interfering with many units that aren't under his command...

Stop.

I need
to make sure of
something

These Korean-
speaking men who
I thought were going to
kill me stopped when they
had the chance. That's what
doesn't make sense. After mak-
ing all those sacrifices and to
foil all of it just like that? I
think all of this is part
of a bigger plan

Even after I came
back, even when I remained
completely silent... It was real inter-
esting to see how the officials were
acting... Everything rolled out like
somebody planned the
whole thing.

I'm not an idiot.
I'm the President, and
before that a mayor and
a district attorney.

This is
a declaration
of war and I felt some-
thing bigger is controlling
everything behind this. I
just need to find
out what.

May 22nd, somewhere in the mountains of South Szechwan Province.

He's here
somewhere!
Find him!

Why aren't
these dogs
smelling any-
thing?

Maybe if
they weren't
starved all the
time they'd
find some-
thing!

800 Air Force Dr.
Birmingham, AL

Sir,
take a look
at this.

777th Intelligence Squadron

Sir, a message from the decryption team.

Hey, adjutant.

Put through a call to HQ.

This is the encrypted message the 10th Reconnaissance Wing picked up, approximately 1 hour ago.

The message was sent from the mountains of Hwanghae province. It was sent by National Intelligence Service black ops agent codenamed "Haegu 3", who infiltrated the North Korean missile base.

What you will now hear is the decrypted message

"Good intel, good intel, PC retrieved, on the move." This same message was sent 4 times before losing contact.

As this is the urgent situation, given the fact that the agent may have important intel on the missile base, we are requesting permission from the President to initiate 2023-3, Operation Torch.

I understand, permission to use lethal force is granted.

However, as you know, Alpha Team is currently stationed with your units. Authorize the Alpha Team Leader and one of his team members to take part in the operation.

I will be listening to all reports, 24 hours, while in the B-1 bunker. I also will remove all restrictions on the operation.

Alright,
so how are
the guys from
the KDIC?

What the
fuck are you
staring at?

They
sound like
nice people
sir.

What? Are
you sure?
